

WE ARE LOOKING FOR **FULL-TIME** APPLICANTS:

# Dev/Op/Architect

Are you enthusiastic regarding the newest technologies? Would you like to transform your ideas in the field of artificial intelligence and smart data into new products?

**Apply now and become a part of the aiconix team!**

We are a fast-growing start-up based in Hamburg. With the use of aiconix products the founders, Eugen L. Gross and Aleksander Koleski, have a vision to bring innovation into the online video market. Our aim is to revolutionize how the media industry handles text and audio-visual data. The team is developing software for different scopes giving customers the opportunity to analyse and predict user behaviour through one API Call at aiconix. Based on our MVP and in cooperation with our pilot customers, aiconix is facing the challenge to develop the next steps of our product within the next months – and you could be a part of this!

## **What you will do:**

- You will deal with new developments in the fields of AI and Cloud Services
- You could shape our product by developing software in Java and make decision about the architecture
- You will specify stories for a team of developers and organize sprints
- You will take part in decision making processes regarding the alignment and future of aiconix.ai

## **What we would like you to bring to the team:**

- Experience with IT-Networks, Linux and IT Hardware
- Experience with MS Office
- Spring boot / (Micro-)Services
- Experience in at least one DB MongoDB, MySQL and/or Postgres
- Experience with AI APIs + Clouds
- The talent to work independently and reliably
- Intrinsic motivation and willingness to work in a team
- At least three years of work experience in a full-time job
- Nice to have: Programming language - Java and Python
- Nice to have: Hibernate and Angular

## **What we offer:**

- Flexible working hours and an inspiring work atmosphere
- An attractive workplace in the Startup Dock in Hamburg with experienced coaches and continuously happening training events
- A network into the start-up scene
- Modern hardware you need to work with
- The possibility to reach personal fulfilment within your work

**Start** of employment: as soon as possible

If we met your expectations, please send your application to the following mail-address: [hr@aiconix.ai](mailto:hr@aiconix.ai)

If you have any questions, please don't hesitate to call us: +49 040/766293 680

We are looking forward to your application! (You can apply in German or English).

Eugen and Aleksander

aiconix UG (haftungsbeschränkt), Harburger Schloßstraße 6-12, 21079 Hamburg
